Adoption of Transitions report recommendations at ECAS and Leadership meetings

Consultation projects (NIFTE and SHARE) completed or significant progress made

Closer relationship between recommendations in HCF reports and Improvement Group plans is evident

Profile of HCF raised with Leadership and other groups. Measure number of people responding, when asked, to evaluate our performance

Community Partnerships adopt an approach to Community Engagement that reflects the aims of HCF that children and young people with challenges are listened to and that their voice leads to positive change.

Participation of young people with challenges is promoted through the set up and use of an accessible discussion forum for young people requiring additional support services.

Funding obtained and feasibility carried out for peer consultants

HCF can evidence response to issues directly raised by parent carers or young people.
